- Darlene Kasper -- Get to Know Your Horse.** There is nothing more frustrating than riding a horse that is as solid as a proverbial rock, and having issues and misbehavior suddenly crop up from seemingly nowhere. It seems incomprehensible that a horse that used to hunt the barrel and curl around it perfectly, is suddenly throwing his nose up and stalling out on the backside. It's virtually crippling when a horse that's been there, and done that suddenly develops an attitude at saddling time and is cinchy as all get out. The misbehavior is frustrating, but according to Darlene Kasper more than he is "acting out"...your horse is trying to communicate with you. Donated by WinningRuns.com
